

5PXF™

A HIGHER STANDARD OF PERFORMANCE

The new **5PXF** pump is the most efficient, technologically advanced high-capacity pump ever to wear the venerable Sta-Rite badge. With outstanding performance from both a maximum-flow and mean-flow perspective, it's perfectly suited for residential pools with water features such as slides and waterfalls, as well as commercial pools.

- New hydraulic isolators separate priming water from pumping water for faster priming, less turbulence and increased efficiency.
- Diamond seals made of oxidation-resistant, self-retaining EPDM rubber for increased durability and tighter seal.
- Heavy duty totally enclosed fan cooled motor (TEFC) for prolonged life.
- Extra-large, robust basket with smooth surface requires less frequent emptying.

5PXF™

Diamond seals made of EPDM rubber

Easy-carry handle

Large capacity basket

TEFC - motor

Additional features include:

- New union connectors included for connecting directly to 75 or 90 mm piping.
- See-thru lid for easy basket inspection - easily removable ergonomic lock ring.
- Easy-carry handle is a back saver at installation time.
- External port threading and tool-free union nuts need only hand-tightening for a perfect fit.
- 3-year limited warranty.

5PXF	kW	HP	VOLT	PHASE
5PXFH-1	2.20	3	220-240 V	1
5PXFH-3E2*	2.20	3	380-420 V	3
5PXFJ-1	3	4	220-240 V	1
5PXFJ-3E2*	3	4	380-420 V	3
