

INTELLICHLOR®

GET PERFECT WATER WITHOUT HANDLING CHLORINE

Electrolytic chlorine generation is the easiest, most effective and convenient way to keep pool water sparkling clean. The **IntelliChlor** salt chlorine generator uses common table salt to produce all the chlorine your pool needs, right in your pool – safely, effectively and automatically.

- Same sanitation performance as manual chlorine addition without the drawbacks.
- No need to buy, transport and store expensive chlorine compounds.
- No more odor, stinging eyes, irritated skin and bleached-out swimsuits.
- Full diagnostic capabilities thanks to the diagnostic wand.

The **IntelliChlor** salt chlorine generator is engineered to stand up to the toughest pool conditions and will provide years of dependable performance.

INTELLICHLOR®

A NEW STANDARD IN CHLORINE GENERATOR TECHNOLOGY

To understand why the **IntelliChlor** generator is better, it helps to first understand how it works. Table salt (sodium chloride) is added to the pool water... less than a teaspoon of salt per 3.5 liters of pool water is all that's required. As the dissolved salt flows through the generator cell, it is electrolytically converted to pure chlorine, which is then distributed throughout the pool, sanitizing the water, keeping it fresh, clear and safer for swimmers. Unlike conventional chlorine additives that must be constantly replenished, the salt is recycled continuously, day after day, to further reduce pool maintenance requirements. The generator even keeps itself clean with an automatic reverse cycling feature that prevents scale build-up for longer cell life.

| MODEL INTELLICHLOR | FOR POOLS UP TO | CHLORINE PRODUCTION EVERY 24 HOURS |
|--------------------|--------------------|------------------------------------|
| IC15 | 55 m ³ | Up to 270 gr. |
| IC20 | 75 m ³ | up to 320 gr. |
| IC40 | 150 m ³ | Up to 640 gr. |

Additional features include :

- Easy-to-view displays for fast checking of salt levels, cell cleanliness, sanitizer output and water flow.
- Adjustment is as easy as pressing two buttons.
- All performance data is captured daily, making it easy to maintain perfect water.
- Cell use tracking feature communicates remaining hours of cell life.
- Integrated sensors to ensure adequate water flow for safer chlorine generation.
- 2-year limited warranty.
