

Pulse PH / ORP dosing pumps

Pentair

Features / Benefits

- Digital and LED version
- High Quality PVDF pump head (Resistant to almost all chemicals)
- Teflon seals
- Pump capacity :
 - Digital = 10l/h – 1 bar back pressure
 - LED = 2l/h – 2 bar back pressure
- Suitable for pools up to 200m³
- Proportional dosing (Proportional dosing slows the pump down when the measured pH level approaches the set value which ensures precise dosage, and avoids costly waste of chemicals due to over dosage)
- 2 types available
 - pH (0 – 14)
 - Redox (0 – 1000mV)
- Level control (Avoids dry running of the pump)
- Password protected (unauthorized persons cannot change make any changes)

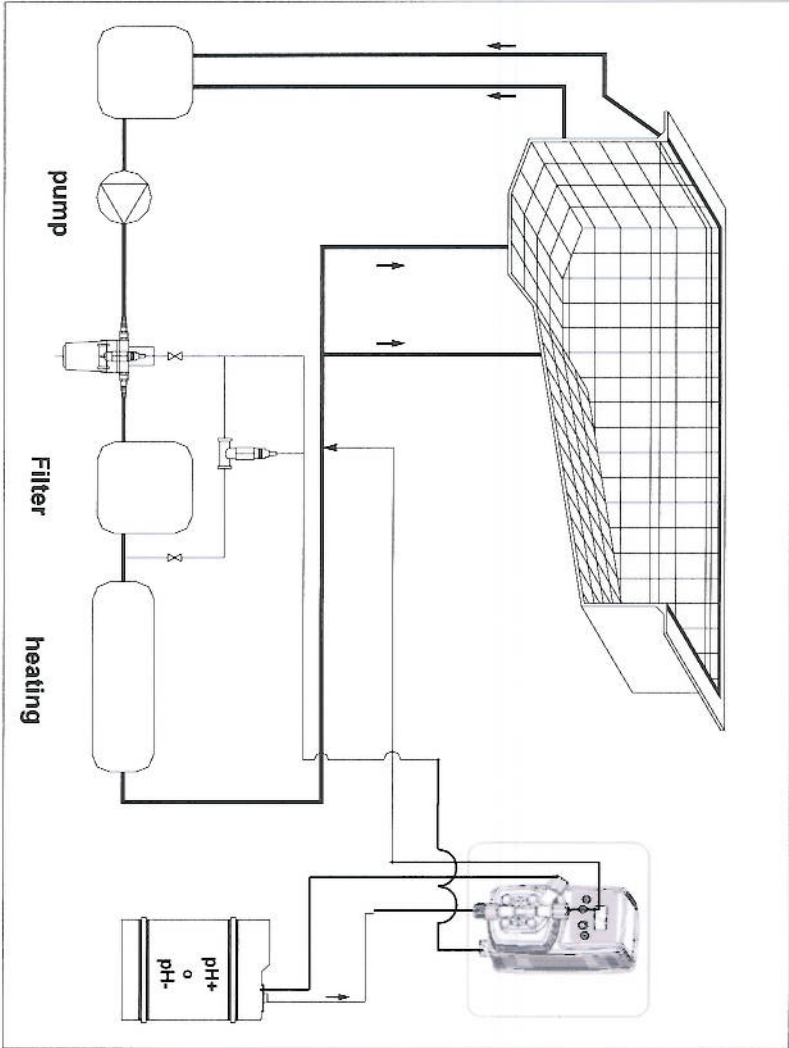

Pulse PH / ORP dosing pumps

Pentair

- Package content Pulse pH digital
 - Dosing pump
 - Spare fuse
 - Level probe
 - Foot filter w/valve
 - Injection valve
 - Injection tube (opaque PE)
 - Suction/drain tube (clear PVC)
 - Ph Probe
 - Probe holder
 - Saddle clamps
 - Calibration fluid
 - > pH 7.0
 - > pH 4.0
 - Instruction Manual
- Package content Pulse ORP digital
 - Dosing pump
 - Spare fuse
 - Level probe
 - Foot filter w/valve
 - Injection valve
 - Injection tube (opaque PE)
 - Suction/drain tube (clear PVC)
 - ORP Probe
 - Probe holder
 - Saddle clamps
 - Calibration fluid
 - > mV 465
 - Instruction Manual
